👤 PROFILE

Computer Science graduate with hands-on experience in front-end development and PHP-based web applications. Completed a front-end internship at CodeAlpha and built multiple live and academic projects, including a management system with real database integration. Currently learning Laravel and React, with a focus on clean, responsive UI and practical implementation.

📁 PROFESSIONAL EXPERIENCE

Front-End Developer Intern - CodeAlpha

12/2025 – 01/2026 | Remote

- Built responsive web pages using HTML, CSS, Bootstrap, and JavaScript
- Enhanced UI layout, consistency, and user experience
- Contributed to live projects and used Git/GitHub for version control

📖 COURSES
